

UCA Audits Fees 2020
(without taxes)

One working day audit fees. The final Budget will be confirmed by UCA before setting the audit. When several categories of vehicles/components are involved, the fee matches the most expensive one.

Scope	On Site Audit	Documentary Audit
Vehicles	2400 €	900 € 700 € 500 € Consult with UCA depending on the categories
Components	2.400 € 1.600 € Consult with UCA depending on the categories	900 € 500 € Consult with UCA depending on the categories
“Conjuntos Funcionales” (Functional kits*)	1.600 €	500 €
Particular serial applications	1.600 €	500 €

The fees presented include the documentary preparation of the audit, the previous study of the file, the performance of the audit, the issuance of the report, the analysis of the corrective actions proposed, the issuance of the certificates and the expenses of travel, accommodation and necessary maintenance. The duration of a visit is generally estimated in a day. In the case of audits outside of Spain, travel expenses are separate. In the event that the UCA deems it necessary to audit for a longer period of time, depending on the categories and approvals granted, the manufacturer will be informed and a specific budget will be issued.

(*)Depending on the type of functional kit, the evaluation process can be established in a documentary way or an on-site audit.

OTHER SERVICES

The prices indicated refer to the performance of these activities separately from an on-site or documentary audit, in which case they would be included in the Price of the audit performed.
